ThinkForward Consultation: Digital Engagement & Employability

Got 10 minutes? We'd love to hear from you!
We want to hear what you think about how ThinkForward uses phones, apps and technology. Your experiences, opinions, and ideas will help us improve our work.

What do we want to find out?
We're looking at how digital technology could make it easier for young people to stay involved with ThinkForward, build skills for work, and access opportunities.

What is involved?
You're invited to complete a short survey that takes around 10 minutes.
At the end of the survey, you'll have the option to sign up for a 30-minute phone interview to answer some additional questions. We will randomly select young people to interview.

Will I receive compensation for my participation?
If you take part in the survey, we will reward you with a £10 voucher.
If you take part in a phone interview, we will reward you with an **additional** £10 voucher.

How will my information be used?
The information you share will:

- Be kept anonymous, meaning your personal details won't be linked to your answers
- Help ThinkForward improve its programmes and services
- Help us design new ways to support young people
- Be used to create a report that summarises our findings.

If you have any questions, feedback or concerns, you can:

- Speak to your ThinkForward Coach
- Contact the Impact team by emailing info@thinkforward.org.uk.

To get started, please click here to go to the survey – it only takes 10 minutes!
