ThinkForward Consultation: Digital Engagement & Employability

Got 10 minutes? We'd love to hear from you!
We'd like to hear how ThinkForward keeps you informed about your young person, and how we could do it better. Your experiences, opinions, and ideas will help us improve our work.

What do we want to find out?
We're looking at how digital technology could make it easier for young people and their parents/carers to stay involved with ThinkForward and access opportunities.

What is involved?
You're invited to complete a short survey that takes around 10 minutes.
At the end of the survey, you'll have the option to sign up for a 30-minute phone interview to answer some additional questions. We will randomly select participants to interview.

How will my information be used?
The information you share will:

- Be kept anonymous, meaning your personal details won't be linked to your answers
- Help ThinkForward improve its programmes and services
- Help us design new ways to support young people
- Be used to create a report based on our findings.

If you have any questions, feedback or concerns, you can:

- Speak to your young person's ThinkForward Coach
- Contact the Impact team by emailing info@thinkforward.org.uk.

To get started, please click here to go to the survey – it only takes 10 minutes!
